_____

Objective: I am looking to gain a full-time position and work experience in the field of computers where I can be a contributing member of the information technology department.

Education:
(Sept 2010 – Present) **Georgian College, Barrie Ontario.**
- Currently in the Computer Programmer Analyst (Co-op) program
- Expected Graduation Summer of 2013Courses Complete: Advance Database, Enterprise Computing, Mainframes (COBOL), Systems Analysis and Design
- Presently Studying: Advanced Web Development, Principles of Management, Development Tools (Cognos Reporting), and Systems Project
- Overall average: 86.5%

Skills:
Languages/environments worked in:
- Microsoft Office
- HTML5 and CSS3
- Java
- DB2 Environment
- MySQL
- C#
- Visual FoxPro
- Python
- C++

Hard Worker: Can be told to do a task and that task will be completed.
Organized: I like to keep things clean, organized and keep things where they belong.
Sociable: I communicate well with others in any environment.

Work Experience:
(Jan 2012 – Dec 2012) **Scotiabank – Systems Programmer**
- Took requirements from clients
- Created reports in Cognos
- Database Queries
- Created websites in HTML5 and CSS3 with jQuery
- Took those webpages and made mobile apps
